TUESDAYS	Little Builders
WEDNESDAYS	C.H.E.F.'s
THURSDAYS	Sensational Kids

Munchkins on the Move

This class cultivates the child's musical development through songs, tonal and rhythm patterns, drumming, movement activities, listening games, and instrumental play. The children will explore songs, art, dances, and instruments using themes from the seasons and nature. Movement games encourage gross motor development and cooperation. Movement is incorporated in all classes to develop balance, control and coordination, and to raise the level of consciousness of how to move, where to move and how parts of the body feel while in action.

Little Builders

In this engaging class, the children will focus on creating unique cities using a variety of blocks and building materials. The children will work collaboratively to create their very own community inspired by interesting architecture found all over the world and in nature.

C.H.E.F.'s (Cooking Healthy & Exciting Foods)

Offered to rave reviews for several years, C.H.E.F. class children will have the opportunity to plan nut-free cooking projects, write and follow recipes, and prepare a variety of foods. This session in C.H.E.F.'s we will make recipes that all involve fruit! We will bake, cook, and prepare dishes that contain yummy and healthy fruits. In the process, children will practice listening, negotiating, turn-taking, making hypotheses, and reflecting.

Sensational Kids

In Sensational Kids, the children will have the opportunity to explore the world around them through all of their five incredible senses. We will explore light and shadow, musical instruments, taste testing, compare and identify smells, listen to and explore sound, and investigate how our bodies move through space.
